PROFESSIONAL INDEMNITY:

Any design guidance provided is for evaluation purposes only - it is not to be considered a full design as:

- We are not consulting engineers.
- We are not privy to the site specifics and design details of your project.

As a result, we accept no responsibility for design verification and no warranty is implied or granted in any guidance/design assistance we may provide. Accordingly, we recommend that a complete engineering design be performed by a suitably qualified engineer. Responsibility for approval by the design engineer is therefor to your care, however, we remain available to assist you in any way possible during the approval process free of charge.
